DR.

J.M. BOSWELL

PRESIDENT

As President of Cumberland College, I want to express appreciation to the members of the 1963-1964 LAMP staff for their individual and collective efforts in the production of this edition. This is a book that will be treasured by all members of the 1963-1964 student body.

The Seventy-Fifth Anniversary of Cumberland College has been a notable one in several respects. The occupying of the new wing of the dormitory for men and the occupying of the biology wing of the science building are among the important events of the year.

The graduation of the largest class in the history of the school in 1963 is another important development in the life of the school.

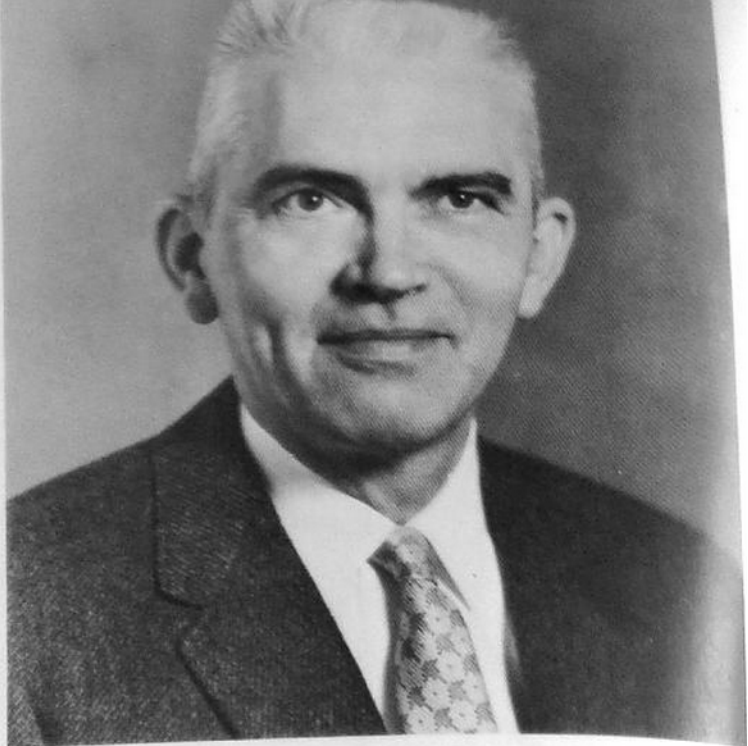

As Cumberland continues in the four year program and as the number of graduates rapidly increase it is anticipated that the alumni of the college will assume greater responsibility for the welfare of the school in the promotion of those ideals for which the college stands.

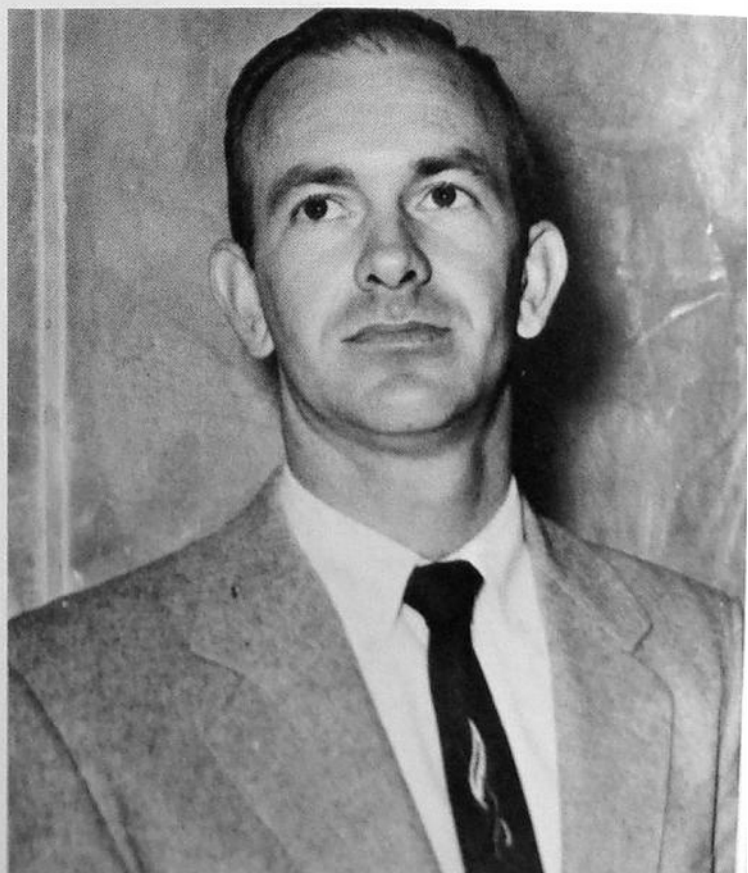

ADMINISTRATION

Dr. E. C. Masden
Dean of College

Mr. E. E. Sheils
Registrar
